Armin.Krattenmacher@t-online.de

*our workshop offers an whole range of beautiful designed  
and finished interior furnishing,  
built of solid timber and natural materials;*

*floors, wall and ceiling covering, living and sleeping rooms,  
kitchens and bathrooms,  
individual furniture pieces, loft and attic developments,  
we also work on restoration and design restaurants.*

*We can always find a creative solution to your individual furnishing needs.*

*The timber we use is grown locally and therefore environmental friendly.  
There is always a choice between recycled timber and  
well seasoned new wood. (current use of old timber is 70%)*

*Only natural materials are used for the surface finish  
The wood we use is either stained or waxed.*

*Established in 1986 our workshop has successfully  
grown its business year by year,  
employing and training local people and using local supplies*

*So remember that in our large showrooms Möbel = Stad'l  
you can find nearly everything for a natural and comfortable life style;*
